#### **4. Token Economics**

Total Supply: 13 high-value NFTs across chains, each with a cap of 7,777–10,000 units.

Floor prices range from 999 ETH to 10,000 ETH depending on rarity and narrative power.

Total Valuation exceeds \$408 Billion USD using ETH=3,400 benchmark.

#### **5. Traits & Symbolism**

Each NFT is imbued with elite cultural titles like 'La Maison', 'The Magician', 'King Skywalks', and 'The Rock'. These names signify collector prestige and are engineered for high-end NFT auctions, DAO authority, and luxury branding.

#### **6. Chainlink Proof-of-Reserve Plan**

Chainlink oracles will be used to lock floor pricing, generate on-chain audit trails, and establish pricing truth for DeFi or NFT-Fi applications. Proof-of-Reserve feeds and smart contract hooks will be deployed to track valuation updates.

## 7. Market Position & Investor Opportunities

BiT Billionaire Ballerz is engineered for multi-billion dollar liquidity opportunities, DAO governance frameworks, and elite private sales. The project is positioned for institutional auction, tokenization, and collateral-backed lending use cases.
